

Uploading an Assignment in Blackboard (adapted from John Grego's instructions)

I demonstrate a method for uploading assignments in Blackboard. Any parts of the desktop in these screen captures are not really relevant—simply concentrate on the Blackboard window. The following commands assume that you have already completed the assignment and have saved it as a file on your computer.

After logging into Blackboard, your “My USC” screen should appear with a list of your courses in the scrolling window on the right. If My USC is not displaying, simply select it from the menu bar at the top of the screen; on my display it is highlighted in Gamecock garnet. Then select the appropriate course from among the course selections.

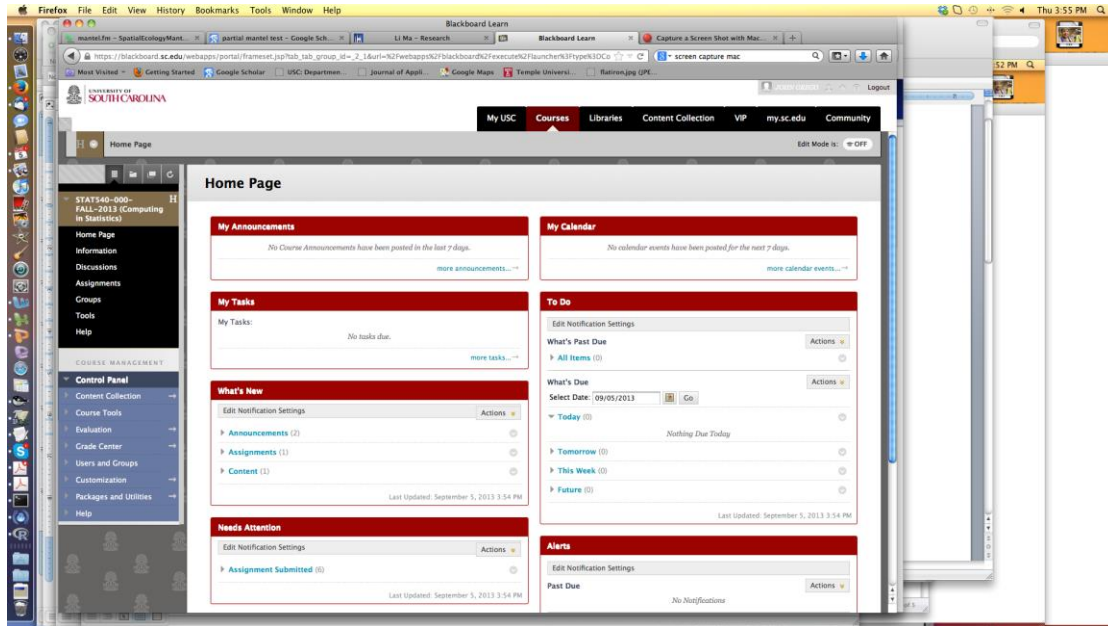

The screenshot displays the Blackboard Learn interface. At the top, there is a navigation bar with 'My USC' highlighted in red. Below this is a 'My USC' dashboard with several sections:

- Tools:** A sidebar menu with links for Announcements, Calendar, Tasks, My Grades, Personal Information, User Directory, and Address Book.
- Blackboard Quick Info:** A central warning box titled 'Internet Explorer 10 and Blackboard' stating that IE10 is not fully compatible and recommending Firefox or Internet Explorer 9.
- Supported Browsers & Operating Systems:** A table detailing compatibility for various browsers and operating systems.
- My Courses:** A list of courses on the right side of the dashboard, including 'STAT706-000-FALL-2012: EXPERIMENTAL DESIGN' and others.
- My Organizations:** A section at the bottom right listing organizations like 'CAS Statistics Dept. Chair (T&P)'.

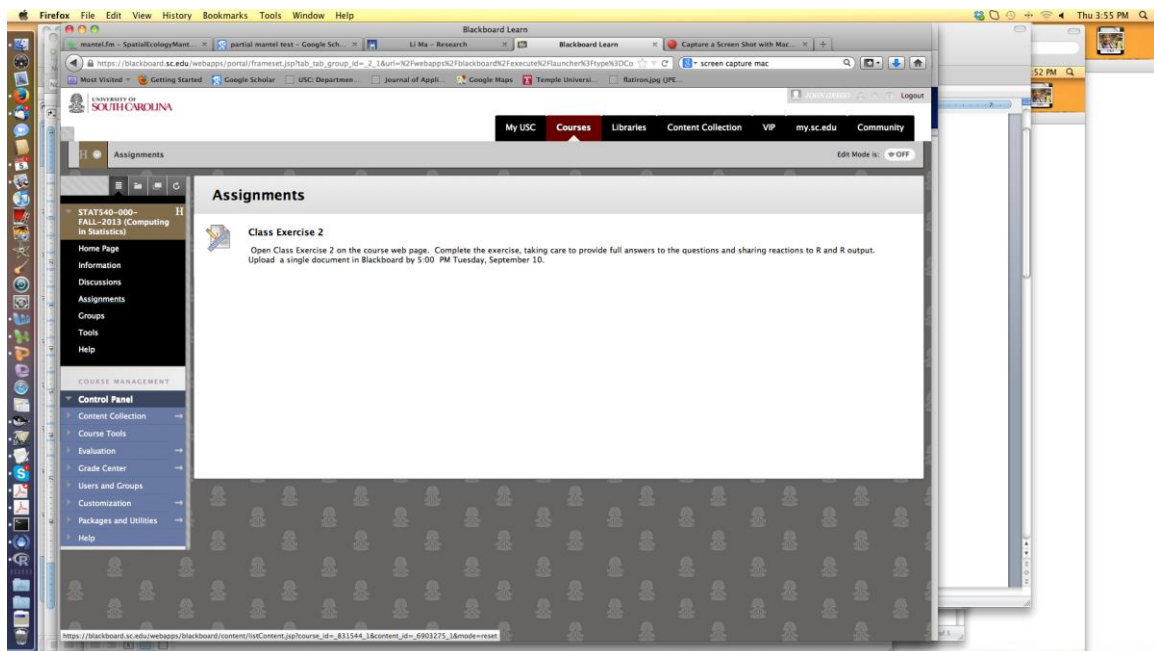

Microsoft Windows® Operating System				
	Internet Explorer 9	Internet Explorer 8	Firefox (Final Release Channel)	Chrome (Stable Channel)
Windows XP (32-bit)	Unsupported	Compatible	Compatible	Compatible
Windows Vista (32-bit)	Certified	Compatible	Certified	Compatible
Windows Vista (64-bit)	Compatible	Compatible	Compatible	Compatible
Windows 7 (32-bit)	Certified	Compatible	Certified	Compatible
Windows 7 (64-bit)	Compatible	Compatible	Compatible	Compatible

Apple® Mac OS® Operating System				
	Safari 5.0	Safari 4.0	Firefox (Final Release Channel)	Chrome (Stable Channel)
Mac OS X 10.5 "Leopard"	Compatible	Compatible	Compatible	Compatible
Mac OS X 10.6	Certified	Compatible	Certified	Compatible

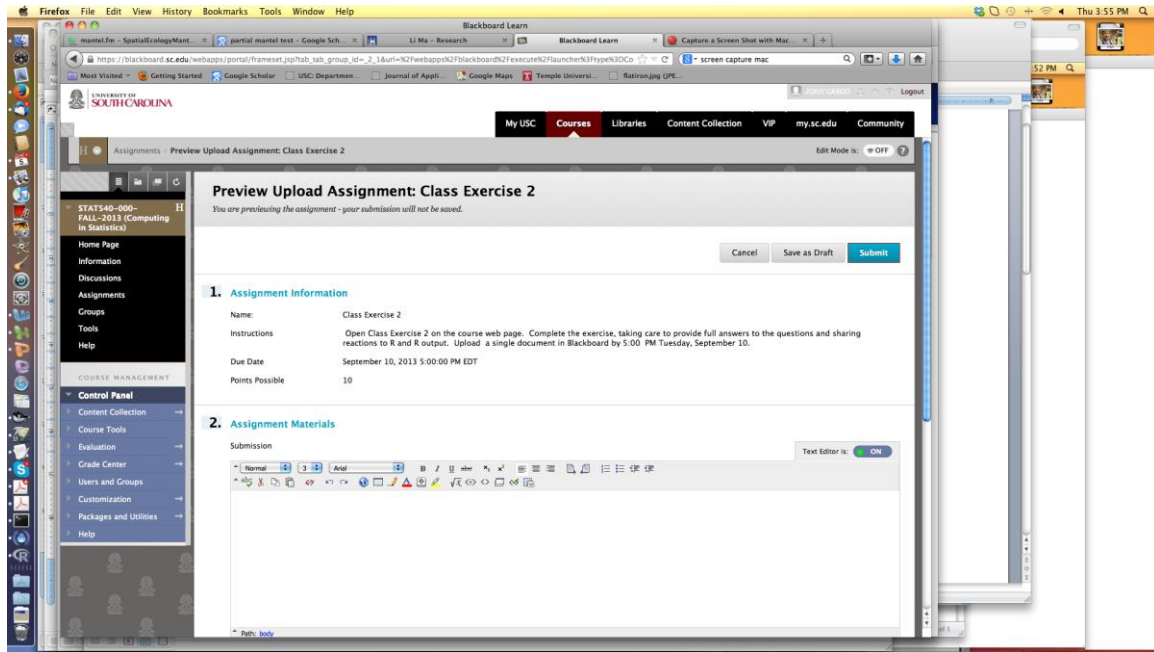

Here we are in STAT 530 Fall 2018. Select Assignments from the menu in the upper left (the window has a black background in this example). The menu may be hidden; if so, you can open it by clicking the arrow on the upper left side of the page.

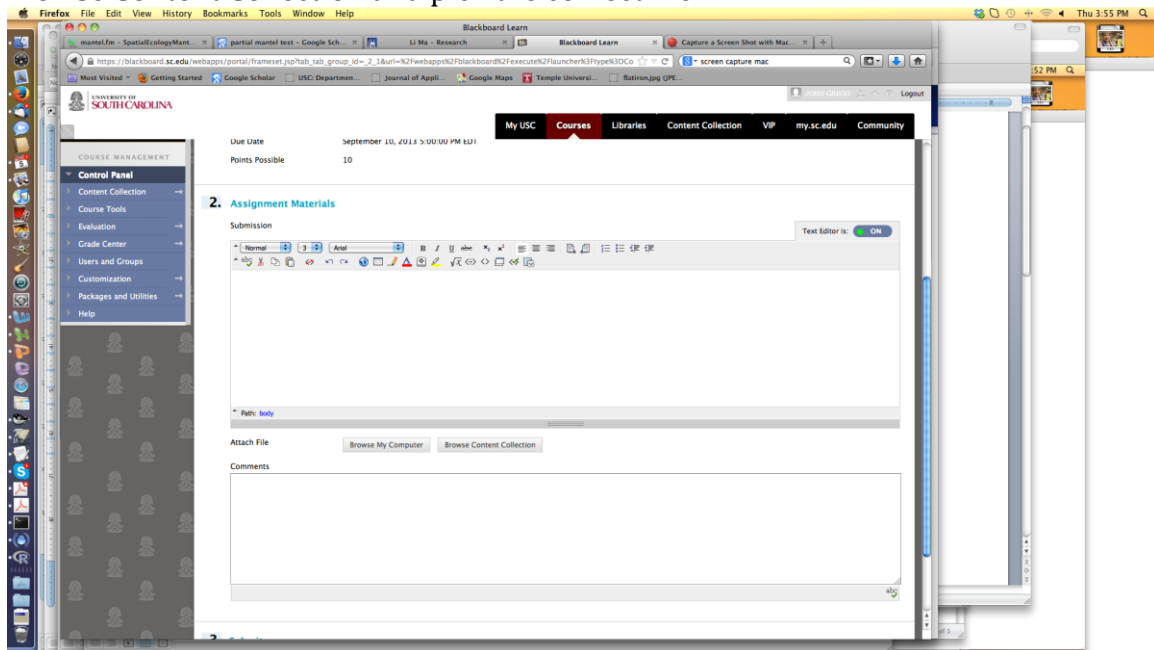

You should see only the assignments that are currently active. In this example, the only active assignment is due in a few days. (This is John Grego's example picture, so the name of the assignment doesn't match mine).

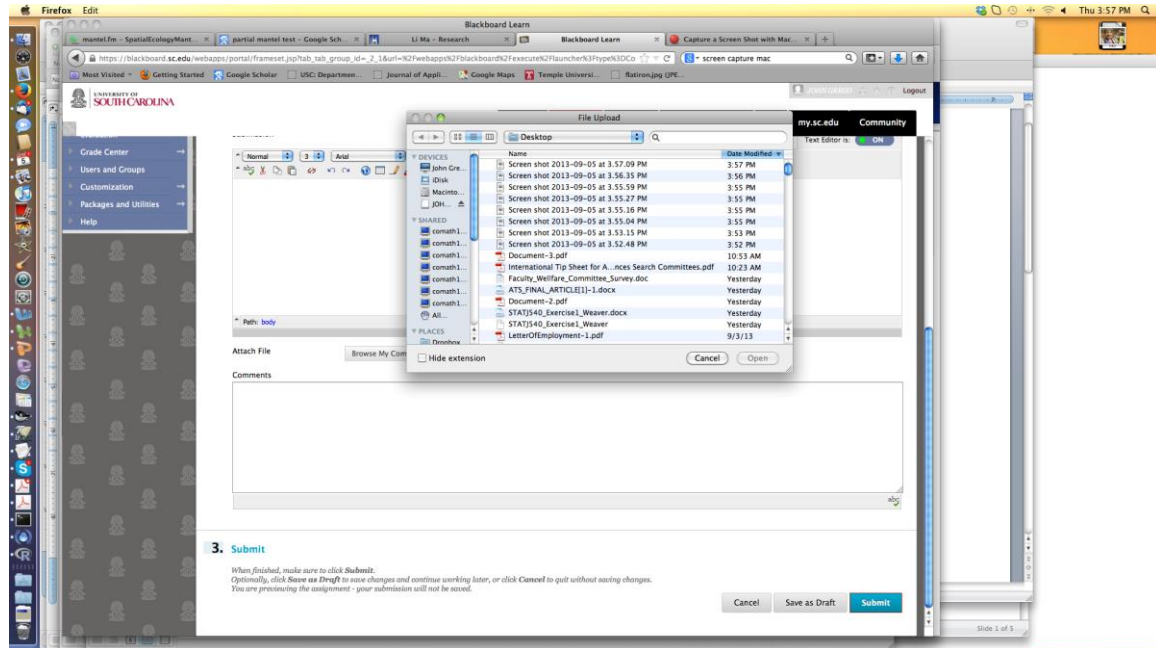

To submit the assignment, you need to click directly on the assignment name (Class Exercise 2, in this picture). When you do so, you 'll see the following window.

I needed to scroll down a little to attach my file. Select Browse My Computer or Browse Content Collection and pick the correct file.

...and then select your file. I'm uploading one of my screen captures here.

Sometimes students enter comments in the dialog box, but I usually don't review those comments. After uploading the file, be sure to hit the Submit button at either the top or bottom of the screen.
