

South Carolina Chapter of the American Statistical Association

South Carolina Statistics Consortium

• 2018 •

Hosted by the Clemson University Department of Mathematical Sciences

The third meeting of the South Carolina Chapter of the American Statistical Association aims to bring together researchers from across South Carolina and surrounding areas to exchange ideas and promote collaboration. The theme spans the breadth of the statistical sciences, showcasing the impact the field is having in other disciplines. Graduate students are especially encouraged to attend. For information and registration, go to
